

# ACCELERATE YOUR SAVINGS AUTOMATICALLY.

## The NYC Health + Hospitals TDA Program: 403(b) plan provides an easy way to boost your savings through a program called “Contribution Accelerator.”

If you elect to participate in the Contribution Accelerator feature, your TDA contribution percentage will automatically increase in increments of 1% on an annual basis, until you reach 15%. These increases are designed to make a small difference in your paycheck over the coming years, but a potentially powerful long-term impact on your retirement savings. It’s a small change today that can make a big difference for your tomorrow!

### Here’s how it works:

- You must activate this feature. (See the “What do I need to do?” section for instructions.)
- Once you are enrolled, your contribution rate will automatically increase by 1% each year, up to a maximum of 15%.
- You can choose to have your contributions increased by a larger amount if you would like to boost your savings even faster. And you can change the amount—up or down—at any time.
- Your contributions will be invested according to your current investment allocation selections.
- Your annual percentage increase will take effect about the same time each year. You can even choose a different effective date—such as your birthday. Having these automatic increases at the same time each year will help you plan for them.
- You can opt out of Contribution Accelerator at any time.

### What do I need to do?

As a TDA participant who is eligible for “Contribution Accelerator,” you must elect to participate in this feature. To get started, visit [www.prudential.com/online/retirement](http://www.prudential.com/online/retirement) and log in to your account. You can also reach out to a [TDA Education Representative](#).

For more information regarding Contribution Accelerator, you can also call **855-444-2832** to speak with a TDA Education Representative.
